

ABORIGINAL PARENT GROUP

Hewett Primary has an Aboriginal parent group which meets once a term to discuss upcoming events within the school. These meetings also allow for the parents to discuss concerns or queries they have about aspects of the school. The meetings are conducted in an informal way with the Aboriginal Community Education Officer (ACEO) allowing parents to control how the meeting runs. The Aboriginal parents at Hewett feel that they are valued and that they are able to approach all staff regarding issues or concerns about their children in the school. The Aboriginal parents feel welcomed into the school grounds by all staff. To find out more about the group and times please contact Leonie Hewson the ACEO at Hewett Primary.
