

Hewett Primary School

Hewett Primary School Enrolment Policy

Hewett Primary School is a zoned site. Children living within the zoned area or with siblings attending the school are guaranteed a placement. *Proof of residence for new enrolment is a DfE requirement.* If spaces are available in the predicted class structures, enrolments will be offered to children/families from outside this area. In the first instance families will be asked to submit an Expression of Interest Form, available on our website and from the Front Office. They will then be put on a priority waiting list. Priority will then be identified based on their proximity to Hewett Primary school and the needs of the student. Families are advised to also submit an enrolment form to their local primary school where entry is secure. Applications for enrolment from outside of our zoned area will not be considered until late in Term 4 of the year prior to commencement.

Children turning 5 on or before 30th April are able to commence in January that year.

Those whose birthday is on 1st May or later will commence in January the following year. The transition program is organised between the school and local kindergartens/childcare centres during 4th term prior to starting school. Parents will receive detailed information regarding this as it becomes available.
